

Grants awarded under the Veterans' Capital Housing Refurbishment Grant programme 2023/24 – March 2024

4 grants totalling £204,314

Organisation	Project Title	Grant Amount (£)	Project Description
Aspire Ryde	Self-Finish Veterans Housing	25,011.00	The development will provide seven 'self-finish' accommodation units with at least three units specifically set aside for the use of female Veterans or females from Veteran families. All accommodation will be female only and will be professionally supported to assist with issues around mental health, addiction and domestic violence.
The Block Armed Forces Foundation CIO	Refurbish the Block Foundation	45,000.00	Funding will help to refurbish the eight single occupancy bedsit building used to house homeless Veterans in Liverpool signposted from other Veterans' support organisations. They will also convert commercial business office space in to an area for use by the Block's residents and homeless Veterans in transition including those with access needs.
Community Ventures (Middlesbrough) Ltd	Transitional Tenancies for Veterans	60,000.00	The project will provide transitional housing options for those for whom independent models are more appropriate. Over the past 15 years, the organisation has developed peer-led interventions supporting those with long-term conditions to take ownership of their recovery journeys, initially with services based around abstinent outreach approaches, and peer-supported accommodation models.
The Sir Oswald Stoll Foundation	Fulham 400 Block Refurbishment	74,303.00	Stoll will refurbish the communal areas, improve security systems and access for both able and disabled Veterans in the Fulham 400 Block at Stoll's Housing Scheme in Fulham.
