

Grants awarded under the Thrive Together Programme (previously VPPP) 2024-27 – September 2024

9 grants totalling £6,949,983

Organisation	Project Title	Region	Grant Amount (£)	Project Description
Defence Medical Welfare Service	Joining the Dots: Empowering Veterans	Midlands	£776,599	Informed by consultation, DMWS will deliver a regional strategic plan to empower the Armed Forces community across the Midlands and enhance the health and wellbeing of Veterans and their families through sector collaboration.
Veterans Outreach Support	Partnership in Mind	South East	£766,631	Partnership in Mind will deliver joined-up support in the South East of England for Veterans and their families. Their project will harness the support, identify pathways and provide a full picture of what's available to those who have served and their families.
Poppy Factory	London Armed Forces Network	London	£798,657	The London Armed Forces Network project will continue to create a collaborative, supportive network - improving support pathways, increasing visibility of support and embedding a culture of partnership working for the benefit of the city's most vulnerable Veterans.
Adferiad Recovery	VPPP Wales	Wales	£773,683	V4P Wales will provide mentoring, strategic oversight and funding to Veterans' organisations across Wales. The programme will improve access to peer mentoring, mental health, family support, LGBTQ+ support and awareness, improving the lives of Veterans and their families.

Defence Medical Welfare Service	Collaborative Connections Empowering Veterans (North East & Yorks)	North East & Yorkshire	£770,449	Informed by regional consultation, DMWS will deliver and evolve a strategic plan in the North East and Yorkshire to enhance Veterans', their families' and carers' physical and mental health through improved support pathways, service access and collaboration.
Edinburgh Napier University	New Frontiers - Scotland's Veterans Alliance	Scotland	£765,000	Scotland's Alliance for Veterans will strengthen visibility, accessibility and reachability ensuring that all Veterans and family members are supported in finding their sense of belonging in the community they call home. Their contributions to civilian life will be enhanced, ensuring the legacy of serving is recognised and acknowledged.
Invictus Games Foundation	Brighter Futures for Veterans	South West	£766,300	Brighter Futures for Veterans will create a legacy of enduring change for Veterans across the South West by delivering a more accessible, better coordinated, and easily navigable system of support. The project will improve the resilience of Veterans organisations by developing their capacity and helping them sustain beyond the funding period.
Armed Forces Community HQ CIC	Forces Wellbeing Collective	North West	£766,225	The Forces Wellbeing Collective is a network of professionals, volunteers and cross-sector organisations joining forces to improve the wellbeing of the Armed Forces community in the North West. Their vision is to level up provision by enabling collaboration and ensure seamless, quality delivery of support services, projects and activities.
The Bridge for Heroes	Project Veterans Voice	East of England	£766,439	Veterans Voice will develop partnerships across the East of England between statutory bodies, charities and the Veteran community to create a sustainable, accessible support system across the region. The project will improve support services, enhance

				awareness, develop feedback mechanisms, target mental health stigma and expand community integration through partnerships.
