

Grants awarded under the Reducing Veteran Homelessness programme – May 2025

10 grants totalling £2,905,656

Organisation	Project Title	Grant Amount	Project Description
Northern Ireland			
Beyond the Battlefield	ENHANCE	£300,000	ENHANCE is a nine-month veteran-led project offering 24/7 supported housing, a Northern Ireland homelessness helpline, trauma-informed counselling, and NI-wide outreach. Beyond the Battlefield will act as the lead agency to unify fragmented veteran homelessness services, with Harbour House as the hub for temporary accommodation, casework, data collection and partnership delivery.
Scotland			
Veteran Housing Scotland	Reducing Homelessness for Scottish Veterans	£290,882	Veterans Housing Scotland, Defence Medical Welfare Service and Glasgow's Helping Heroes will provide comprehensive and coordinated support in Scotland to address homelessness, tenancy sustainment, financial worries and wellbeing.
Wales			
Alabaré Christian Care and Support	Alabaré Homes for Veterans	£300,000	Alabaré's Homes for Veterans will provide a minimum of 88 beds, across nine geographical areas, for homeless Veterans. Recognising the unique nature of the support required, Alabaré's on-site bespoke support to overcome barriers to sustainable independent living, enhanced by wider Alabaré services of mental health/wellbeing activities, ensuring maximum positive outcomes.
England			

The Sir Oswald Stoll Foundation	Stoll Foundation Veterans Supported Housing	£300,000	This project will provide supported housing to homeless veterans and their families. They will work with social housing providers and place homeless veterans via Op Fortitude.
The Riverside Group	Riverside Ending Veteran Homelessness Together	£348,975	Riverside will provide supported housing for veterans, 25 with high/complex needs, and 31 low to medium needs. The project will provide wrap-around support, working holistically and in a psychologically informed way with voluntary, statutory and community partners.
Launchpad (AF&V Launchpad)	Specialist Support for Homeless Veterans	£295,324	This project will provide sustained support to 135 homeless veterans with multiple and complex needs in three supported housing locations in northern England. Wraparound support will include combined addiction/mental health psychotherapy, intensive training/employment support, greater access to wellbeing-enhancing community activities, and support to transition into and retain independent accommodation.
Tom Harrison House	THH-Reducing Veteran Homelessness	£300,000	The project will provide supported housing to 25 homeless veterans with addiction/mental health problems. Delivered across the wider Liverpool City Region, the project will enable individuals to address these issues, be tenancy ready and sustain independent living.
Wigan Council	Homes at Ease North West	£296,057	Homes at Ease will reduce North West veteran homelessness with intensive support embedded within local communities. A consortium of respected providers and subject experts will provide veterans with homes, empowered to connect with their communities and achieve sustainable tenancies for better life chances.
Royal British Legion Industries (RBLI)	Helping Homeless Veterans Move On	£174,418	RBLI's project will reduce veteran homelessness by providing high level mental health, addiction and employability support. Working with partners including Op Fortitude and Op Courage, they will support 35 veterans to move on from homelessness and live independently following their time in emergency accommodation.

LiveWest Homes Ltd	New Seasons Veterans Supported Housing	£300,000	New Seasons provides housing and support across Devon for homeless veterans with high, moderate or low support needs, primarily referred to the service by Op Fortitude.
